Donna Sayos Full Stack Software Engineer | Brooklyn, NY

(929)256-8198 | LinkedIn | Github | Portfolio | donnasayos@gmail.com

Technical Skills
Strong: Javascript ES6+, React (Hooks), Redux, Node.js (Express), RESTful API, SQL (Postgres), HTML, CSS, Git/Github
Experienced: React Native/Expo, NoSQL (Firebase), Webpack, Stripe, Heroku, Phaser.io

Experience
HangOut - Mobile App | Full Stack Software Engineer | Github   August 2022 - September 2022
- Utilized React Native/Expo to build and deploy a mobile application that connects users through activities and events.
- Leveraged Firebase, a cloud-hosted NoSQL database, to store and sync the data between users in real-time.
- Utilized a variety of APIs for implementing chat, image uploading, adding locations, and calendar.

Ready To Roomba Project | Full Stack Software Engineer | Github   July 2022 - August 2022
- Created an e-commerce site integrated with Stripe payment gateway giving the ability for people to purchase the items being sold.
- Successfully generated front and back-end programming utilizing PERN stack; Javascript, Express, React, Node, CSS/React Bootstrap, and PostgreSQL frameworks.

Chat App | Software Engineer | Github   October 2022
- Created a messaging application with React (Hooks, custom hooks) and React Bootstrap.
- Integrated Socket.IO for the chat features which enables real-time, bi-directional communications between web clients and servers.

Price Tracker | Software Engineer | Github   July 2022
- Built an application that tracks prices on websites that are rendered using front-end frameworks.
- Integrated Nightmare/Puppeteer for web scraping and Cron job for running the application at a scheduled time for price tracking.
- Utilized Nodemailer API for sending email notifications when the price of the item being tracked drops below a specified number.

Education
The Grace Hopper Program at Fullstack Academy   Remote
- Certification for successfully completing 553 hours of Full-stack Web Development.
LaGuardia Community College   Queens, NY
- Associate Degree
- GPA: 3.581

Work Experience
Shift Lead | Tomiz Inc.   September 2015 - July 2021
- Trained and managed employees up to the company's standards.
- Set and enforced performance and service standards to keep a consistent, high-quality environment devoted to customer satisfaction.

Assistant Manager | McDonald's   February 2021 - July 2021
- Promoted after a month due to my ability to quickly adapt to the company's work environment.
- Supervised staff work, giving helpful feedback for improvements.
